Congratulations to [California Commercial Investment \(CCI\) Group](#) for taking the Challenge!

We are proud to have enrolled three of the [California Commercial Investment \(CCI\) Group](#)'s building portfolio into LABBC's Affordable Housing Initiative (AHI). The addition of Los Angeles Gardens, CASA Development, and Mariposa Manor bring a total of 18 buildings to the program. CCI is interested in implementing energy and water efficiency projects across their units, as well as participation in the LABBC's [Tenant Engagement Platform \(TEP\)](#).

New Partner Buildings: Los Angeles Gardens, CASA Development, and Mariposa Manor

The City of Los Angeles has set a goal to achieve 20% energy and water savings by 2020 across 30 million square feet of existing buildings as part of the Better Buildings Challenge, a national leadership initiative from the Department of Energy, which calls on public and private sector leaders to demonstrate the benefits of modernizing America's existing buildings.
